

Flower Show Is Better Than Other Years

In spite of rain the day before and that morning the annual flower show at Hazelton last Friday was a most satisfactory success. The afternoon turned out pleasant and bright and the people of the district were present in large numbers. Smithers was well represented in spite of the fact that it rained heavily in the Bulkley all morning. Representatives were also present from Prince George, Burns Lake, Skeena Crossing, Pacific, Prince Rupert and Vancouver.

The Horticultural Society this year united with the Athletic Association so that visitors would have no waste time to wander into the by-paths and get lost. The combination was a success. The sports committee got busy right after lunch and ran off a fine program that was of financial benefit to the girls and boys and the ladies. Then to keep the men in good humor there was a tug-of-war between Tiny McLaughlin's and Bud Dawson's teams. The result proved that the heavy-set brand has a little edge on length, no matter how broad the latter's feet may be.

A new feature was a parade of Indians in costume and eagle down. They went around a few blocks and drew up in front of Assembly Hall where a war dance was put on by representatives of several tribes. This feature was very interesting to many.

The flower show was opened by Rev. Geo. Turpin of Smithers who made a nice little speech in which he congratulated the people of the district for the good work they were doing.

The showing of flowers this year was not up to the last two years, owing very largely to the decided change in the weather this season. But the arrangement of the hall was different and a decided improvement was effected in the display so that an outsider would not notice the falling off in numbers of exhibits and quality of the blooms.

It was a splendid display of flowers and would be a credit to any district in any part of this continent. By referring to the prize list one will get an idea of the variety of flowers. A new feature which will be popular, but owing to a lack of publicity brought out only two entries, was the individual display of garden flowers. Another year if members get to know about it, there will be a number of entries.

The W.A. to the H. H. had the refreshment privileges and they held forth in a tent adjoining the hall. A great many not only had afternoon tea there, but also had supper. The ladies realized some

Continued on page 2

R. E. Allen Has Been Appointed District Forester

R. E. Allen is back with the forestry department and will have his headquarters in Prince Rupert as of yore. For many years Bob was with the Forest Branch in this north country and made his headquarters at Hazelton until the district was enlarged to take in the coast and the islands and he was moved to Prince Rupert. He did excellent work for the department, and there are few, if any, who know the woods in the north as he does. Some years ago he left the forestry department and joined forces with Olof Hanson in establishing the Royal Mills at Hanall, Bob taking the active management of the enterprise. He has recently been running the mill at Vanarsdol.

The Forest Branch is getting a good man back, but the lumber and timber industry is losing one. His many friends in the north, and that means most of the population, will be glad that Mr. Allen is not leaving the north, but will be around occasionally as for the past twenty years.

Has Nice Vein of Tungsten

Chas. Ek came in from the Red Rose property, on Rocher de Boule mountain, with a good, big chunk of tungsten ore, which he took from the surface of a large vein he has been working on recently. He has the vein traced for 600 feet and it varies in width from eight to sixteen feet. Some two years ago he had a piece assayed and it went 10 per cent tungsten, but the sample he has in town now is much richer. He is sending a good sample to Prince Rupert for display at the fair, and he is also having other assays run. He believes this vein will be attractive to mining men.

Last Big Drive of Cedar

The last big drive of cedar logs from up the Skeena beyond Kispox village was started down on Monday on a rising tide. There were 125,000 feet from the two far camps that are operated by Hagland and by Smith, Carlson and Olson. This will probably be the last drive of the season, although the subs say they can haul a lot more to the river this season yet. During the fall and winter there will be between one and two hundred men in the pole camps in this district.

This week work on the American Boy mine on Nine-mile mountain was commenced under the direction of Hugh A. Harris. The first work will be the deepening of the shaft and then drifting from that.

Brady Club Is Organized for The Campaign

There was a good deal of real enthusiasm shown last Saturday night when the Hazelton Conservatives and their friends got together and organized the Brady Club. The object is to further the interests of J. C. Brady and the membership is open to all who would like to see Mr. Brady elected. There is a good membership already. The officers of the new club are—President, W. J. Sanders; vice-pres., Mrs. E. R. Cox; secretary-treasurer, G. V. Storkey; executive committee, Jas. Hodder, Wm. Larmer, R. S. and Mrs. Sargent.

WEDDING BELLS

Hunt-MacDonald

A very pretty wedding took place on Saturday evening at the home of Mr. and Mrs. Clyde Hunt when the former's brother, Nelson Burns Hunt, of Decker Lake, was united in marriage to Miss Margaret Ann MacDonald, a trained nurse, of Vancouver. The ceremony was performed by Rev. J. H. Young, with Clyde Hunt and Miss Katherine MacDonald acting as witnesses. After the ceremony a buffet luncheon was served and a jolly evening spent. The bride and groom spent a few days here and then left for their future home at Decker Lake. Among those present at the ceremony were Clyde and Mrs. Hunt, Mrs. Hunt sr., Miss James, Mrs. J. C. K. Sealy and her sister, Mrs. O. W. Homer of Prince Rupert, Mrs. G. W. Dugate and her sister, Mrs. Andrews, Prince Rupert, and Mrs. J. H. Young.

All Set at Smithers

The stage is all set for the big fair at Smithers on September 1, 2 and 3, that's next week. The agricultural display ought to be the best ever if the bumper crops are any criterion. Then there is the provision made for the entertainment of the people. For the last two days at the grounds are horse races and athletic sports, and for the evenings there will be a dance Wednesday night, a picture show the second night and the grand ball Friday night. Everything has been really well arranged. There is no doubt but that the Hazeltons will be well represented at the fair and have a day or two or real sport.

Pat Phillipson was in town a couple of days this week.

Steve McNeil, who has been at the Silver Cup for the last two months has gone down to Copper City for a while.

Visit of H.B. Co. Head To Post Is First of Its Kind

For the first time in the history of the Hudson's Bay Co. in Hazelton the governor of the company will visit that post on September 3 and after inspecting the property here will drop down the Skeena river in an Indian canoe to Kitwanga, where the company recently opened a new store under the management of Otto Utterstrom.

The present governor is Chas. V. Sales, of London, England, who is spending this summer in Vancouver. He will be accompanied by Mr. Allen, chairman of the advisory board in Canada, and C. H. French, general manager for British Columbia.

The visit of these officials is of much importance to the future of the company in this district, and it is probable that a decision will be made as to the extent to which the company will go in developing the business at Kitwanga.

OVERHEARD AROUND NEW HAZELTON

Ready-to-wear dresses in silks, voiles, canton crepes, silk underwear, ladies' and children's shoes, ladies' hosiery. — Mrs. J. M. Grahlman, Prince Rupert. 49—

Jack Mullen of Vancouver, an old timer in this district, spent a couple of weeks looking up his old friends round about. He was a guest of his old side kick, W. S. Harris and on Monday returned to the south.

Mrs. D. Harris, after visiting her sons here and in Smithers, returned to Vancouver Monday morning. She will motor with Dr. and Mrs. Shewin from Vancouver to California where they will spend the winter.

Mrs. Edgar Harris of Smithers was down for the flower show and spent a couple of days.

Miss Evelyn Sheasgreen left on Sunday for her home in Vancouver after being a guest for a few days of Mrs. F. A. Goddard.

Mitchell Newman left Monday for Queen Charlotte City to take charge of the public school.

Mrs. Sawle received word the first of the week that her brother Wm. Lamb, had been seriously injured and was taken to the hospital at Winnipeg. There are a lot of people in this country who knew Mr. Lamb on the prairie and in Ontario. He visited here and at Francois Lake two or three years ago.

Gus Martinson is in the hospital nursing several broken ribs, the result of a 30 foot fall from the ore bunkers at Caribby. He

Varied All-Day Program Labor Day At Telkwa

Plans for the Barbecue at Telkwa on Labor Day, September 6, are well advanced, and from reports a record crowd will take in the celebration.

This year the celebration will open with a parade, and a Chuck wagon in attendance and a number of novel features will add to the attraction in general. There will be the usual barbecued beef at 12 o'clock noon and extra beef is being put into the pit to cater to the inner man.

There will be additional midway attractions, and the usual bucking horses and steers will give a good account of themselves, for some of the best bucking horses in the country have been booked to show their wares.

The Indians are arranging to put on a regular war-dance during the early part of the evening, while at night in the Town Hall the grand ball will be staged. Owing to the large crowd which is expected, arrangements are being made to have also an open-air dance pavilion.

Any person having a bucking horse will be paid \$5.00 for the use of same for the bucking contest, but the money will only be paid if the horse is a buck.

All the racing stables throughout the country are getting their stock into shape for the big races, for substantial prizes are being offered and the track is in good shape.

Everybody sees everybody at Telkwa on Labor Day, the biggest one day celebration in Central British Columbia. 1t

Brady's Itinerary

On another page in this issue will be found the itinerary of J. C. Brady, Conservative candidate for Skeena. Accompanying him will be Hon. W. J. Bowser who is known to every person in the north. They will speak in New Hazelton on Monday afternoon next and everyone should make a special effort to be there. It is Mr. Brady's first visit to New Hazelton and he is anxious to meet all the people in this district. They will speak in Hazelton in the evening.

was with the B. & B. gang and early in the morning climbed up the bunkers to have a look about and his foot slipped. He was on the ground half an hour before he was found.

Hon. A. M. Manson is touring Omineca on behalf of the Liberal candidate. The Liberal campaign managers have not made an announcement as to the movements of their candidate. When he will be along the line is not yet public property.

Flower Show

(Continued from page 1)

\$50 or more.

Soon after four o'clock most of the people wandered away to the athletic field to see the ball game with the Smithers team. It was some game, by far the best exhibition seen here for years. It was practically the same team that played for Hazelton that has been playing all summer. The boys got a pitcher from Rupert and that seemed to give them all confidence. Everyone was on the job. The Smithers boys saw from the first that they had a different team from what they had met here before and the got down to business. The score was six all at the end of the ninth, and in the tenth Hazelton scored the winning run.

The teams—

SMITHERS	HAZELTON
Goodacre catcher	Large
Roberts pitcher	Lamble
Robinson 1st base	Benson
Arnold 2nd base	Campbell
Warner 3rd base	Boulding
Mutch short stop	Winsby
Lewis left field	Senkpiel
Lewis center field	Cox
Graham right field	Wrinch

Score by innings—

HAZELTON...1 0 0 0 0 0 4 1 1—7
SMITHERS...0 0 0 2 0 0 1 3 0—6

The program for the evening opened with a picture show given by Norman Cary as a benefit to the Horticultural Society. The hall was crowded and the show caused roar after roar of laughter. The Society got \$30 as its share of the proceeds.

As soon as the hall could be cleaned out the dance was on and for the third time that day the building was crowded. It was late when the first waltz was played, but everyone had dance enough by three o'clock. The music for the dance and also in the afternoon was supplied by Grey's orchestra. At midnight refreshments were served and then A.A. Cannon mounted the platform and auctioned the flowers from the afternoon show. The bids went from 25c to \$5.00 with Hans Olson and Austin Goodenough of Smithers as the chief buyers. Nearly a hundred dollars was realized from the sale.

The Prize Winners

Asters (3 colors, 3 blooms each in 3 containers)—1, Mrs. J. C. Hunt; 2, Mrs. F. A. Goddard; 3, Mrs. J. H. Young.
Asters (12 one color)—1, Mrs. Hunt; 2, Miss R. Wrinch; 3, Mrs. Goddard.
Asters (12 any color)—1, Mrs. Goddard; 2, Mrs. W. W. Anderson; 3, Mrs. Hunt.
Calendula (6 blooms)—1, B. D. Boden; 2, Mrs. Hunt; 3, E. Hyde.
Carnations (6 blooms)—1, E. Hyde; 2, Mrs. Goddard; 3, B. D. Boden.
Cornflowers (24 any color)—1, Mrs. J. C. K. Sealy.
Cornflowers (24 one color)—1, Mrs. Sealy; 2, Miss Wrinch.
Coreopsis (bunch)—1, B. D. Boden.
Cosmos (12 any colors)—1, Miss Wrinch; 2, J. Newick; 3, Mrs. Winsby.
Dahlias (3 Cactus)—1, B. D. Boden; 2, C. H. Sawley; 3, W. S. Harris.
Dahlias (3 Show)—1, B. D. Boden; 2, Mrs. Hogan; 3, J. Newick.
Dahlias (3 Peony)—1, Mrs. R. S. Sargent; 2, Mrs. Young; 3, Mrs. Winsby.
Dahlias (3 Single)—2, B. D. Boden.
Dahlias (bouquet)—1, J. Newick; 2, Mrs. Sargent; 3, Mrs. Sealy.
Delphinium (3 stalks)—1, W. S. Harris; 2, Mrs. Hunt; 3, Mrs. Sargent.

Pacific In Tomato Soup

Some time ago Mrs. May Andrews, of Vancouver, asked how to get results with Pacific Milk in tomato soup. An excellent way is to dilute one tall tin with enough water to make a quart. Yesterday we received a reply in which Mrs. Andrews says this proportion makes a most palatable and creamy soup.

Pacific Milk

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to the value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin, "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stampage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and the land has been surveyed.

LEASES

For grazing and industrial purpose areas not exceeding 640 acres may be leased by any one person or company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts, and the range administered under the Grazing Commissioner. Annual grazing permits are issued, based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers up to ten head.

The work on the Cassiar Crown property, near Telkwa, will be in charge of W. G. ("Bill") Harris, not W. S. Harris, as reported last week. The two men are well acquainted but not related. The Terrace News \$2.00 a year.

BRITISH COLUMBIA

THE MINERAL PROVINCE OF WESTERN CANADA

HAS PRODUCED MINERALS VALUED AS FOLLOWS:—

Placer Gold, \$77,863,045; Lode Gold, \$122,808,190; Silver, \$74,111,397; Lead, \$89,218,907; Copper, \$197,642,647; Zinc, \$39,925,947; Coal and Coke, \$278,048,958; Building Stone, Brick, Cement, \$44,905,886; Miscellaneous Minerals, \$1,594,387; Making mineral production to the end of 1925 show

AN AGGREGATE VALUE OF \$920,919,628

The substantial progress of the mining industry in this province is strikingly illustrated in the following figures, which show the value of production for successive 5-year periods:

For all years to 1895, inclusive	\$ 94,547,241
For five years, 1896-1900	57,605,967
For five years, 1901-1905	96,507,968
For five years, 1906-1910	125,534,474
For five years, 1911-1915	142,072,608
For five years, 1916-1920	189,922,725
For the year 1921	28,066,641
For the year 1922	35,158,843
For the year 1923	41,304,320
For the year 1924	48,704,604
For the year 1925	61,492,242

PRODUCTION DURING LAST TEN YEARS, \$404,649,375

Lode mining has only been in progress about 25 years, and only about one-half of the Province has been prospected; 200,000 square miles of unexplored mineral bearing lands are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than any other Province in the Dominion or any Colony in the British Empire. Mineral locations are granted to discoverers for nominal fees. Absolute titles are obtained by developing such properties, security of which is guaranteed by crown grants.

N.B.—Practically all British Columbia mineral properties upon which work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports covering each of the six Mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, B.C., are recommended as valuable sources of information.

Why Home-brewed Beer Can Be Bad For Your Health

BREWING beer at home, a habit that has become widespread in the United States since prohibition deprived the people of the right to purchase pure and healthful beer legally and openly, presents difficulties and dangers of which those who engage in it are rarely aware.

HOME-BREWED beer can be actually dangerous to those who drink it, for the home brewer works by rule of thumb, perforce, and usually has no acquaintance with or control over the complex physical and chemical reactions that take place in the brewing of beer. Pure beer can only be made in a modern brewery by scientifically trained brewmasters who have at their disposal the most modern equipment and who are bound by the most exacting standards.

THE same materials which, in a modern brewery, are made into pure, healthful beer, can become, in the hands of a home brewer, a raw, incompletely fermented, indigestible and harmful mixture unfit for consumption. But where an established brewery uses only the highest grade of material—malt and hops—tested for purity, the home brewer is forced to purchase in stores imported syrup concoctions of inferior malt and low-grade hop extracts frequently blended with synthetic essences. The product of such mixtures is always harmful to the stomach and digestive system and dangerous to drink for any length of time.

THE home brewer is hampered not only by lack of knowledge of the science of brewing, but home equipment does not include the elaborate plant necessary for prolonged sterilization and filtering to assure a pure, healthful beer free from bacterial infection. In beer that is the product of a perfectly equipped brewery all fermentation is complete; in home-brewed beer fermentation continues, and continues after it is consumed. It is really an explosive mixture, whether in your stomach or in the bottle, as shown by the way in which bottles explode and tops are blown off.

HOME-BREWED beers are usually higher in alcoholic content than they should be. In the beers supplied by the Amalgamated Breweries to the people of British Columbia through licensed premises or through Government stores the alcoholic strength is only 4½ per cent, the most favorable strength for the stimulation of the stomach toward aiding digestion. Home-brewed beers also usually contain greater or less percentages of deadly fusel oil, from which properly brewed, stored and aged beers are free.

ANY physician can tell of the dangers of home-brewed beer, from which, happily, the people of British Columbia are free, for they have the privilege of obtaining pure, good beer made by the Amalgamated Breweries of British Columbia in plants that are equipped with every facility for the brewing of pure beer, perfectly flavored, well matured and healthful.

Visitors are cordially welcomed at the plants of the members of the Amalgamated Breweries of British Columbia: Vancouver Breweries, Limited; Rainier Brewing Co. of Canada, Limited; Westminster Brewery, Limited; Silver Spring Brewery, Limited; and the Victoria Phoenix Brewing Co. Limited.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

The Hazelton Hospital

The Hazelton Hospital issues tickets for any period at 1.50 per month in advance. This rate includes office consultations and medicines, as well as all costs while in the hospital. Tickets are obtainable in Hazelton from the drug store; from T. J. Thorp, Telkwa, or by mail from the medical superintendent at the Hospital.

Sixty Claims In Babines Bonded

A few weeks ago we referred to a big mining deal including Babine properties. Our Smithers correspondent sent fuller particulars a couple of weeks ago, but a moon-gazing, Lizzie-driving swain packed the letter in his inside pocket and delivered the other one to us. In due course we got our own property and give the report of the mining deal as follows:—

One of the largest mining deals of the district has been completed in Smithers whereby over sixty

claims in the Babine mountains are to come under one management. Henry L. Messner recently arrived in Smithers in the interest of New York financiers who want something big to back. The Babine Silver King has been bonded through Jake Grismer for a period of 5 years and the Victoria group from P. J. Higgins for a similar period. The Little Joe and Highland Basin groups are bonded for two years from Martin Cain and Thos. King. There are some thirty-six claims in these four groups, which, with the Silver Saddle group owned by Messner Bros, Messner and Har-

rer complete, the amalgamation. The total sum involved is about \$400,000. The claims are situated in the Driftwood Creek district about 13 miles from Smithers and some very promising ore bodies have been opened up on the different groups. Pending organization the promoters have authorized development work to the extent of some eight or ten thousand dollars. This work is already under way. Some ore is to be shipped. Douglas Lay, the resident mining engineer has visited the property and is preparing a report.

Mr. and Mrs. T. Shackleton, of Usk, were visitors in town on Thursday of last week.

Miss Janet Young has returned after spending a pleasant holiday with relatives in Vancouver and other points.

Mrs. Rood and son returned to Prince Rupert last week after holidaying at Hill Farm.

John McRae, of Prince Rupert, spent the week-end with his family, who are holidaying at Jas. Thompson's ranch.

S. A. Davis, J. Hoar and David Wilson, of Kalum Lake, spent the week-end in town.

R. H. Jones, who has been spending some time in the Kalum Lake district, returned to town on Thursday last, coming over the hills by way of Usk.

Eric and Douglas Christenson, Carl and Walter Smith, and John Naylor, who have been spending part of the school holidays at Hill Farm, returned last week to their respective homes in Prince Rupert.

O. T. Sandal, who spent the past week in Vancouver attending the merchants' convention, returned home the end of the week.

Mary McConnell, of Prince Rupert, is the guest of Mrs. Nigel Sherwood this week.

C. R. Gilbert, who has been holidaying in the south, returned on Friday last.

John Chretien was a patient in the Terrace Hospital last week for a few days last week with an injured knee.

Geo. W. Munro, Prince Rupert, spent the week-end with his family, who have been spending the holiday season in Terrace.

Mrs. D. C. Stewart, of Prince Rupert, who with her three children has been holidaying at Hill Farm, returned to the coast on Wednesday.

Geo. Little returned from Vancouver on Friday, accompanied by his son Dudley as far as Smithers, where he spent this week with friends.

Mrs. Hatt sr., who has been visiting her son, J. Morse Hatt, left for her home in Vancouver on Saturday.

Mrs. Hillyard has returned to her home at Kalum after having spent a holiday in the south.

Mr. and Mrs. S. Service and family spent several days in Smithers this week.

Miss Margaret Hulberg, Prince Rupert, is staying at the home of Mr. and Mrs. Wm. Little.

Mrs. L. H. Kenney entertained the B.D. Bridge Club last Tuesday evening.

Rev. F. W. Barfoot was a visitor to Usk, returning on Wednesday.

Messrs. Brady and Bowser are holding a meeting here Saturday evening.

C. Collart, of Prince Rupert, spent the week-end with his family, who are holidaying at Hill Farm.

T. Erkman had the misfortune to cut his hand severely while working at the Amsbury mill and went down to Prince Rupert on Wednesday for medical attention.

Mrs. W. H. Watt and daughter, of Amesbury, are visiting Mrs. Watt's parents, Mr. and Mrs. H. L. Frank, Kitsumkalum.

Mr. and Mrs. Geo. Anderson, who have been holidaying in Terrace for the past two weeks, left for their home in Prince Rupert on Wednesday.

Mr. and Mrs. T. Brooks returned home last Monday from Queen Charlotte City, where they were the guests of Dr. and Mrs. Geo. Bleeker.

Mr. and Mrs. O. von Hees and daughter left on Saturday for Vancouver, where they will reside. Mr. von Hees has spent many years in and around Terrace, and until recently was accountant for the Geo. Little mill. Mrs. von Hees' departure will be felt keenly in local musical circles as she is an accomplished pianist and one who gave of her talents most freely in church and community functions. They have the hearty wishes of a very wide circle of friends.

Twenty-one members of the United Kingdom's delegation to the Empire Parliamentary Association conferences in Australia in the fall who arrived at Quebec on the S.S. "Empress of Scotland." The delegation is headed by the Rt. Hon. Arthur Henderson, former Secretary of State for Home Affairs and vice-chairman of the delegation. The Marquis of Salisbury who is chairman, arrived in Canada earlier and will meet the delegation in Vancouver when they will sail on the S.S. "Aorangi" for the Commonwealth. Travelling over the Canadian Pacific lines, the Parliamentarians will tour leisurely across Canada visiting most of the principal cities making a study of conditions in this Dominion. A motor trip from Banff to some of the beauty spots in the Canadian Pacific Rockies is anticipated before the party embark for the Antipodes.

The conferences in Australia will be of an informal nature, taking place in all the states of the Commonwealth. They will be met in Australia by representatives of the parliaments of the Union of South Africa, Southern Rhodesia, Malta, New Zealand and the Legislature of British India. The delegation is

going to assist in the celebrations in connection with the opening of the new Australian capital, but at the same time an intensive study of conditions in that Dominion will be made. They will obtain first hand knowledge on economic problems and trade development and a study of the Dominion's affairs as a whole will be made. Conferences of a similar nature will be held every two years following an agreement reached at the 1924 South African meeting.

The members of the party from left to right are: Top row—E. M. O. Clough, secretary of the South African branch; Sir Frank Nelson; Sir Howard D'Egville; Rt. Hon. Ian MacPherson, K.C.; Rt. Hon. Arthur Henderson, Chief Labor Whip; Rt. Hon. Sir Evelyn Cecil, G.B.E.; Dr. J. H. Williams; Major Bryan Cooper, Chairman of the Irish Free State branch; Senator Sir Edward Coey Bigger, Irish Free State. Top row—F. A. Broad; A. V. Alexander; Luke Thompson; J. B. Couper; Sir Sydney Henn, K.B.E.; Senator Michael F. O'Hanlon, Irish Free State; W. Mackinder; Brig.-Gen. C. R. Ingham Brooke, C.M.G., D.S.O.; J. Q. Lamb; Col. the Hon. Angus MacDonnell, C.B., C.M.G.; Dr. T. Drummond Shiels, M.G.; Osmond Esmonde, T.D., Irish Free State.

Spade Work That Gets The Trade

To get steady sales in satisfactory volume you must build up confidence in your store and its service.

ADVERTISING in The Omineca Herald and The Terrace News will lay the foundation of such confidence. Advertising does the spade work that leads to bigger sales. It will tell the folks about your store, its service. It will tell them about the goods you have to offer.

Let your advertising in The Omineca Herald and The Terrace News be a standing invitation to the people of the district.

Brady's Meetings IN THE INTERIOR

J. C. Brady, Conservative Candidate for Skeena, will speak at the following places on the following dates:

With—

HON. W. J. BOWSER

At TERRACE, Saturday, August 28th
At NEW HAZELTON afternoon Aug. 30
At HAZELTON, Monday, August 30th
At SMITHERS, Tuesday, August 31st
Mr. Brady will then be in the east end until Barbecue Day, when he will be at TELKWA.

Terrace

Miss Andrews, mission nurse at Skidegate, Q.C.I., is spending a short time in town visiting Mrs. Wm. Allan.

John Desjardines, who has spent the past two years at Anyox, is holidaying at his home here.

Mrs. C. Giggy's many friends were glad to welcome her home on Wednesday last after her stay at the Hazelton Hospital.

The appointment of Mr. T. Peddie to the principalship of the Prince Rupert High School, the post recently vacated by J. C. Brady, Conservative candidate in Skeena riding, will be a source of gratification to many in this district. Mr. Peddie was in charge of the high school work at Terrace during the latter part of last term, and the splendid record made by his pupils in the recent examinations was a tribute to his ability. His departure is regretted.

The girls' camp at Lakelse Lake broke up last Saturday and it was a happy, sunburned band that returned pronouncing the week the most successful ever held at Lakelse. The girls comprised the Senior and Junior C.G.I.T., and were under the charge of Rev. and Mrs. W. Allan, Rev. F. W. Barfoot, Rev. W. S. Wickenden, Mrs. A. C. Fowler, and Miss Bertha Fowler.

Mrs. D. D. Munro was a tea hostess on Friday afternoon last in compliment to Mrs. Hamilton, who is the guest of Mrs. C. R. Gilbert, and to Mrs. Hatt, sr. The afternoon was pleasantly spent with music, numbers being rendered by Mrs. Geo. L. Keith, Miss I. Kerr, Mrs. Hamilton and Mrs. Munro. The tea tables were centered with cut flowers and were presided over by the hostess, who poured.

Ripening Grapes in Open

C. W. Parker is ably demonstrating the possibility of raising grapes in the open on his ranch across the Skeena from Terrace. He has a number of vines well-laden with fully-developed fruit in an advanced stage. These vines were started in the open a few years ago and have wintered well. They promise good returns for a little care and attention. Mr. Parker also has an ever-bearing strawberry of a very hardy type, and at present the plants are in full state of production from the blossom to the well-matured fruit. It is a type of berry that will ship well and should stand up in fine shape for shipment to the prairie market.

For the month of July the output of the Nechako Creamery at Vanderhoof was 14,581 pounds of butter, an increase of nearly 2000 pounds over the June production. For the year ending June 30 last the output was 56,573 pounds.

The Terrace News \$2.00 a year

Here and There

Following a recent tour of western Canada, W. L. Smith, former editor of the "Farmer's Sun", writes that he will be surprised if the aggregate wheat crop of the Prairie Provinces falls below 400,000,000 bushels. "It will not be surprising if the 500,000,000 mark is nearly reached," states Mr. Smith.

Eleven hundred farms will be needed next year to accommodate the British settlers who will be brought to western Canada, according to Major E. J. Ashton, commissioner of the Soldiers' Settlers Board. So far this year 1,430 families were placed on farms in the prairie provinces by this organization.

Hogs to the value of \$400,000 were shipped from the Prince Albert district in 1925. This sum was far in advance of that received the previous year and the increase was due to a considerable extent to the activities of the agricultural society boosting hog production. This year the hog raisers' slogan is one million dollars worth of hogs, and from present indications this mark is more than likely to be attained.

Arrangements for the export of large quantities of British Columbia seed potatoes to California are being made by a potato grower of that state. The British Columbia potatoes are desired in California for seed purposes because they introduce new strength into the southern strain. Experiments were made with Canadian grown seed last year in California and growers were well satisfied with the results.

A flock of 46 sheep, comprising 35 ewes and 11 rams, has been purchased by an official of the Dominion Government under instruction from the Soviet Government for dispatch to Vladivostok, as soon as arrangements can be made for their shipment. Last year quite a number of prize-winning cattle were shipped from British Columbia to Russia and this new order indicates that previous shipments have been satisfactory.

Many valuable shipments of furs from the great trapping areas of the Hudson Bay Company are arriving through the Dominion Express at Montreal. These unimposing bales, piled high on the trucks often represent a total value of \$200,000. After being collected at the various Hudson Bay posts along Hudson Bay and James Bay the furs are brought down by canoe in summer and dog team in winter to the northern terminus of the T. and O. Railway.

Remarkable expansion of passenger traffic into and out of Montreal has been reported during July and August by the passenger department of the Canadian Pacific Railway. The "Red Wing" and the "Alouette" on the Boston run and the "Rideau" and "York" to Toronto, four new trains de-luxe placed on these routes early in the year have been running with capacity loads. Eastward to Quebec there is heavy traffic for the Ancient Capital, while trains running north into the Laurentians, it is stated, have never been so filled as is the case this summer.

A muscalunge, 35 pounds in weight, with a length of 50 inches and a girth of 21 inches, was taken from the French River near the French River Bungalow Camp recently, according to information received by the tourist department of the Canadian Pacific Railway. This fine fish was taken by E. A.

Mortgage Sale of Farm Property

Tenders will be received by the undersigned up to and inclusive of Monday, the 6th day of September, A.D. 1926, for the purchase of the following valuable farm property, viz.: Lot 1843, Group 1, Cassiar District, comprising 40 acres, more or less, excepting therefrom the Right-of-Way of the G.T.P. Railway containing 5.59 acres, more or less.

This property is well located within two miles of Beaumont Station on the G.T.P. Railway. The soil is of a rich, black loam and well watered and all under cultivation. A log dwelling, barn and shed are erected on the premises, which are well fenced.

Terms 20 per cent, balance spread over a term of years in manner to suit the purchaser with interest at 7½ per cent per annum. The highest or any tender not necessarily accepted.

For further particulars apply to:

D. D. Munro, Esq.,
District Agriculturist,
Smithers, B.C.

or:

Land Settlement Board,
Parliament Buildings,
Victoria, B.C.

Dated at Victoria, B.C., August 4, 1926. 0709

LAND ACT.

NOTICE OF INTENTION TO APPLY TO PURCHASE LAND.

In Skeena Land Recording District of Range 5, Coast District, and situated in the Skeena River between Lots 368 and 370.

Take notice that I, Henri Defontaine of Terrace, occupation farmer, intend to apply for permission to purchase the following described lands:

Commencing at a post planted at the South end of Island No. 1, said post being about 5 chains Northerly from the Northwest corner of Lot 374, thence Northeasterly, Easterly, Southerly and Westerly and following the shore line of said Island to the point of commencement and containing 50 acres, more or less.

HENRI DEFONTAINE.
